Open Testimonial for Sue FLETCHER

I am writing to enthusiastically recommend Sue for any position related to athletics and activities within your esteemed institution. As the Director of Athletics and Activities, Sue has consistently demonstrated exceptional organizational skills, diligence, and coaching prowess throughout their tenure. Our school is 1200 students, and we run 16 Varsity and JV teams, supported by a Booster program (currently 45 per week) for our younger learners. Sue sat on our Senior Leadership Team and was an inspiring administrator.

During their time under my supervision, Sue showcased remarkable dedication and leadership in overseeing various varsity sports programs, including volleyball, soccer, baseball, and tennis. Her commitment to excellence was evident in every aspect of their role, from administrative duties to on-field coaching.

One of Sue's most commendable qualities is her exceptional organizational skills. She meticulously planned and executed schedules, competitions, and events, ensuring smooth operations and optimal utilization of resources. Her ability to coordinate multiple sports programs simultaneously without compromising quality or efficiency speaks volumes about her competence and efficiency.

In addition to their administrative proficiency, Sue distinguished herself as a highly effective coach. She deeply understood each sport she supervised, imparting invaluable knowledge and skills to her athletes. Under her guidance, our varsity teams consistently achieved remarkable success in individual player development and team accomplishments.

Sue fostered a positive and inclusive team environment, where athletes felt motivated, supported, and empowered to excel. Her exceptional communication skills and her genuine passion for sports inspired athletes to strive for their best both on and off the field.

Sue exhibited exemplary professionalism and integrity in all her interactions, earning the respect and admiration of students, colleagues, the Senior Leadership Team, and parents. Her unwavering commitment to the holistic development of student-athletes, prioritizing their athletic growth and their academic and personal well-being, truly sets her apart as an outstanding leader in athletics and activities.

In conclusion, I wholeheartedly endorse Sue for any position requiring a dedicated, organized, and talented individual in athletics and activities. Her proven track record of success, exceptional leadership qualities, and passion for student development make her an invaluable asset to any organization. Sue has made Korea her second home, and this was best represented last year when she and her husband adopted a three-week-old Korean baby.

Don't hesitate to contact me for further information or clarification regarding Sue's qualifications and performance.

Sincerely,

Francelle Grisham, Principal
